Line voltage LED A60 retrofit
Long life (25,000hr) high efficacy A60 retrofit medium
base LED lamp. Available in warm white 2700°K
suitable for residential and commercial applications.

Key Features

- DECO LED Bulbs contain LEDs enclosed within standard A60 lamp style glass
- Meets general lighting requirements with significant energy savings
- A60 300° beam spread for direct general illumination in decorative fixtures
- Uniform light distribution on dual axis' with 300 degree light distribution for incandescent retrofit applications
- Bases - E26/E27 and GU24
- Direct replacement for 75W incandescent lamp with full glass envelope to base for even illumination
- Non-dimmable
- Bulb size: A60 2.36" dia. x 4.57" tall

DECO LED®
E27 Base

Details

Wattage	6 Watt
Color Temp	Available in 2700°K Warm White (3000°K upon request)
Lumens	600 Lumens
Efficacy	84.4Lm/W - Meets Title 24 High Efficacy Requirements
Installation	Screws into standard medium base E27 or GU24 socket
Listing	cULus / CE listed
Power Supply	For use with 120V AC line voltage
Warranty	3 year warranty
